

General conditions for Hunneberg's Fishing License

The fishing license is personal with your name and expire date written on it. On request, you are required to show the fishing license as well as identify yourself. The fishing license must always be carried when fishing. We do not replace cards that are lost. A fishing license covers handheld tackle. Handheld tackle means one fishing rod that is equipped with a line and no more than three hooks. Each license has a catch limit of three salmonids. Children under 16 accompanied by an adult is free of charge, provided that the adult has a valid license. Please note that the catch limit of three salmonids applies to the whole group. In natural waters you may use ten angeldons per license (pike traps are not permitted). Crayfish are not to be caught. Fishing with otter boards or nets is prohibited. You may use a float tube when rod fishing in natural water, unless otherwise specified. Please note that you are not allowed to lay-up your boat by the water. If you break the rules your rights are immediately terminated.

Violation of the fishing regulations entails a control fee of **1500 SEK**. Fishing without a valid fishing license is a breach of law and the police are notified accordingly. The supervisor is entitled to seize equipment in case of offense or suspicion of attempted offenses.

To consider

You are solely responsible for checking the applicable rules before you start fishing. The county administrative board can provide further information (www.lst.se). Changes or additions to the rules and guidelines can be made during the season. Other fisheries legislation is also applicable in addition to these rules. If you are suspicious of illegal fishing activities taking place, please contact the Royal Hunt Museum, Elk's Hill: +46(0)521-27 00 40 or museet@algensberg.com. Fires are prohibited everywhere apart from the designated fire areas.

NB Halle-Hunneberg is closed for 2 days during the royal hunt in the autumn.
