

## Öppettider Destination Kåringön

Allt som är rödmarkerat i dokumentet måste vara unikt för varje företag.

Place id hittar du på <https://developers.google.com/maps/documentation/javascript/examples/places-placeid-finder>

Koden är lite speciell och gäller bara för destinationkåringön då det bara är där det kommer vara flera företag på samma sida. Om andra ska ha kod för sina hemsidor så kommer det bli enklare.

Hej,

Hoppas att ni är laddade för bästa sommaren ever!

Vi har precis utvecklat klart en lösning som gör att öppettiderna på Google My Business uppdaterar öppettiderna på destination käringöns hemsida automatiskt. Man laddar bara ner Google My Business appen och sköter sina egna uppdateringar därifrån så uppdateras allt automatiskt. Det är som en dröm!

Har ni koll på era inloggningsuppgifter för administratörsinloggning på Google My Business så hjälper jag er igång.

Hälsningar,  
Klas
